

# Marriottsville Animal Hospital

Start your new pet out the best way possible with a healthy puppy or healthy kitten plan! Preventative care is essential for good health. Best of all, our plans feature affordable payments, making it easy to manage your pet's healthcare costs.

## Start your pet off right for a lifetime of health & wellness!

### Preventative care is the key to good health

Our healthy puppy and kitten plans include all the veterinarian-recommended services and procedures for the best possible start in your new furry friend's life.

### Spay or Neuter

Altering your pet – and at what age – is a major decision for pet parents. We'll answer all your questions and make it easy and affordable. Procedures are done in our state-of-the-art hospital.

### Vaccinating helps healthy pets stay healthy

Vaccinating your puppy or kitten is the simplest way to keep many contagious and devastating diseases at bay. We'll work with you to recommend a vaccination schedule appropriate for your pet.
